

## Digital Media Policy

### Aims of this Policy:

The aim of this Policy is to set out a Code of Practice to provide guidance to Heworth Without Parish Councillors in the use of online communications, collectively referred to as digital media.

Digital media is a collective term used to describe methods of publishing on the internet.

The policy covers all forms of digital media and digital networking sites which include (but are not limited to):

- Parish Council Website
- Facebook, and other digital networking sites
- Twitter and other micro blogging sites
- YouTube and other video clip and podcast sites
- LinkedIn
- Blogs and discussion forums
- Parish Council Emails

The principles of the Policy apply to Parish Councillors and The Clerk to the Council. It is also intended for guidance for others communicating with the Parish Council. The policy sits alongside relevant existing policies which need to be taken into consideration.

Digital Media content will require a volunteer to update and monitor the publicly accessible digital media sites.

The use of digital media is to enhance rather than replace existing forms of communication. The Parish Council website, noticeboards and newsletters will remain the main media for the purpose of communicating information about the Parish Council.

The Heworth Without Parish Council Members' Code of Conduct applies to online activity in the same way as it does to other written or verbal communication. Online content should be objective, balanced, informative and accurate.

l. Check carefully before quoting or linking to statements from other online sources – always consider whether a statement can be proved before publishing or sharing it. The Parish Council may be held responsible for something a Councillor has written or said if it is on behalf of the Parish Council, or on a Council sanctioned space including a Facebook group, blog, tweet or website.

n. Retweeting, re-posting or linking to defamatory content previously shared by others does not exempt an individual or organisation (Parish Council) from the law

o. Avoid personal attacks, online fights and hostile communications.

p. Permission to publish photographs or videos on digital media sites should be sought from the persons or organisations in the video or photograph before being uploaded.

q. Respect the privacy of other Councillors and residents.

t. Parish Councillors should never disclose their official email password to anyone and must always take care to keep login information private.

**8. Residents and Councillors should note that not all communication requires a response.**

a. There may not be immediate responses to communications as a response may need to be considered by the Parish Council at its next meeting (if in doubt, contact Clerk for clarification).

b. The Councillors should seek guidance before participating in social media when the topic being discussed may be considered sensitive. Social media activity around sensitive topics should be referred to the Parish Clerk.

c. The Parish Clerk and the administrator(s) will be responsible for all final published responses.

d. If a matter needs further consideration it may be raised as an agenda item for consideration by a quorum of Councillors; the Poster shall be informed via the page or direct message that this is the case and be invited to correspond with the Parish Clerk directly.

**9.** The nominated administrator (s) shall:

- a. Remove any negative posts they suspect may contain personal and inflammatory remarks, libellous or defamatory information without further comment or notification.
- b. Spell and grammar check everything.
- c. Correct any errors promptly.

**10.** Councillors or parishioners who have any concerns regarding content placed on digital media sites should report them to the Clerk of the Council. Misuse of such sites in a manner that is contrary to this and other policies could result in action being taken such as:

- a. Parish Councillors may be required to remove internet postings which are deemed to constitute a breach of this policy. Failure to comply with such a request may in itself result in disciplinary action.

**Non-compliance:**

The Parish Councillors must read and comply with this policy. Acceptance of engagement with the Parish Council signifies an agreement to abide by this policy. Any failure to comply with the policy may be considered a disciplinary matter and will be dealt with in accordance with the appropriate disciplinary procedure.

Serious breaches of this policy, for example incidents of bullying of colleagues or social media activity causing serious damage to the reputation of the Parish Council, may, if substantiated, constitute gross misconduct and may lead to dismissal.
